BEAUTIFYING AALA PARK

Work to be Begun in Near Future.

FRANK DAMON WILL HELP

Superintendent of Public Work McCandless Tells of His Plans to Governor.

It is the intention of Superintendent of Public Works McCandless to convert Aala park from a barren waste composed of harbor dredgings into a resort of beauty. He is ready to put the forces of his department at work toward making it into a park for the Palama residents so he reported at the Governor's council yesterday.

He states that he will allow no more earth to be removed from the grounds. As soon as the harbor dredger can be put into shape for work, more mud will be pumped into the place. Furthermore, he will see that the warehouse erected in plague times is removed and everything put in readiness to commence the work of beautifying.

"We will put this plot of ground in condition as soon as possible," said Mr. McCandless, "and turn it over to the public. Mr. Frank Damon is at the head of a Citizens' Committee which has in mind the improvement of that section. I have had a conversation with Mr. Damon upon the subject and he exhibited to me some maps showing what they designed to do with the park. His suggestions are worthy of commendation and the committee will be of great assistance to the Government in laying out the grounds properly."

Mr. Damon was seen by an Advertiser reporter. He said that he had not been officially notified that he was to have anything to do with the park, but was willing to put his shoulder to the wheel and do what he could to get the park into shape.

Aala park will occupy a frontage along the Nuuanu stream from King to Beretania street. On King street the park stretches almost to a point opposite the Oahu Railway depot. When completed it will become one of the largest of the city parks, excepting Kapiolani at Waikiki.

THE LIGHT THAT FAILED.

Break Down at Electric Plant Causes Much Inconvenience.

A slight accident to one of the dynamos at the electric light station shortly before 10 o'clock last evening caused the lights in many portions of the business district to go out and caused considerable annoyance at many places.

At the Odd Fellows' hall, Harmony Lodge was finishing a supper when every light in the hall went suddenly out and the banquet was brought to a sudden and unexpected fashion. At the restaurants like difficulties were experienced and at the office of the telephone company poor much abused "central" sat with hands tied, making connections by "feel" and unable to find the necessary numbers for those whom he did not know.

Angry people all over the city kept calling the company over the telephone,

NEW OFFICERS ARE INSTALLED BY HARMONY LODGE, INDEPENDENT ORDER OF ODD FELLOWS.

THERE was a jolly gathering of Odd Fellows last evening at I. O. O. F. Hall when the ceremony of installing the officers of Harmony Lodge No. 3 took place. The secret ceremonies of the order occupied the earlier part of the evening and afterwards there was a supper, to which all the crowd did full justice.

The installation ceremonies were conducted by W. C. Parke, D. D. G. S., assisted by C. J. Fishel, P. D. D. G. S., D. P. Lawrence, P. G., and Mr. Han-nam, P. G. The installation was a beautiful and solemn ceremony and these were the officers inducted into office: L. H. Dee, Noble Grand; G. W. R. King, Vice Grand; E. R. Hendry, secretary, and J. A. Magoon, treasurer. The Noble Grand appointed C. J. Fishel, R. S. N. G., and Harry Murray, L. S. N. G.; C. Charlock, Warden; P. J. Turner, chaplain; J. W. Jobe, R. S. S. L. H. Burns, C. F. Herick, I. G. By the Vice Grand the appointments were F. C. Poor, R. S. V. G., and H. Gearing, L. S. V. G. C. F. Herick was appointed janitor by the Noble Grand.

The committees as they were announced by the Noble Grand are as follows: Finance, C. J. Fishel, J. D. McVeigh and Charles Charlock; Correspondence, E. R. Hendry, C. F. Herick and L. R. Burns.

The retiring Noble Grand, J. D. McVeigh, will be the sitting Past Grand for the next term.

The past term has been a most successful and prosperous one for Harmony Lodge. The report of Secretary Hendry, who has managed the affairs of the lodge for the past several years showed that the lodge has a surplus of \$1,000 for the year, which will be invested in good substantial mortgages for the benefit of the lodge.

asking the cause of the trouble until the company refused to answer the numerous calls. The difficulty was remedied finally and all went smoothly again. In answer to queries as to the cause the electric company said shortly: "Nothing much. Accident to an engine. Soon fixed," and then they shut off.

JOBE APPOINTED.

Popular Young Doctor Who Now Assists Carmichael

Dr. G. W. Jobe has been appointed Acting Assistant Marine Hospital Surgeon. Dr. Myers was formerly filling this position but has become incapacitated through sickness and has resigned. Dr. Carmichael, the United States Marine Hospital Surgeon, sent the nomination of Dr. Jobe to Dr. Wyman on the 6th of yesterday.

Dr. Jobe entered upon his new duties on Saturday last. They consist of rendering any and every assistance to Dr. Carmichael, chiefly in the boarding of vessels. Dr. Jobe is a young man of great energy and much skill. He has many friends in Honolulu and although he has only been here a little while is exceedingly popular and has a bright future in store. He was very actively engaged for the Board of Health during the plague epidemic and proved himself not only an able physician but a man of sterling qualities and sound sense.

AHUIMANU LEAVES FOR THE STATES

Dr. Posey's Flyer Will Face the Starter at Sacramento.

There will not be another match race between Aggravation and Ahuimanu. The latter horse will leave for San Francisco on the Australia today, accompanied by her owner, Dr. Posey, who intends to race the filly at the State Fair meeting in Sacramento next September. She will be trained by Dr. Rowell, one of the most capable trainers of race horses in America.

Dr. Posey is convinced that in Ahuimanu he possesses a nailing good one. The filly certainly runs like a streak for five furlongs, and with intelligent handling should more than earn her keep at the Coast.

Many horsemen in town are of the opinion that had Ahuimanu been made less use of in the early stages of the match race with Aggravation she would have won. Two or three sporting men who entertained this opinion endeavored yesterday to arrange another match at seven furlongs, the purse to be \$500, and Logue or Nichols to ride Ahuimanu.

Tom Hollinger, owner of Aggravation, expressed his willingness to race again, and declared himself perfectly satisfied with the proposed conditions. Dr. Posey, however, proved an insurmountable obstacle to the match being made, and would only agree to lease Ahuimanu for the race for \$500.

A proposition was made to the doctor by the hui to allow him 20 per cent of the \$1,000 purse for the use of his horse, and to bear training expenses and jockey's fee themselves. Ahuimanu's owner remained obdurate, however, and the good little filly goes away this afternoon to tackle harder game than she succumbed to in Honolulu. Good luck to her and aloha to her owner, and may they both be back again when the starter's flag is unfurled on next Kamehameha Day.

Tram Cars Collide.

There was a collision between two tram cars on Nuuanu street at the School street switch at noon yesterday and P. C. Jones who was standing, holding to a strap received quite a bad fall but escaped with a few bruises. One of the mules was quite badly cut.
